VASHTI K. WASHINGTON, ED.D.
SUPERINTENDENT

MR. CURTIS DIXON, MA. ED.
STUDENT SERVICES DIRECTOR

June 1, 2015

To Whom It May Concern:

I have been associated with Jamison Consultants over the 2014-2015 school year during which they provided Rehabilitative Behavioral Health Services (RHBS) to our schools. RBHS are intended to alter behavior that is inappropriate or undesirable of the child or the adolescent; alter existing behaviors, acquire new behaviors, and function more effectively within his or her environment. Their staff interacts with clients and families; teaches independent living skills and provides encouragement and advice on methods for maintaining appropriate behavior; develops community support; manages at-risk behavior; and performs crisis intervention.

The above services provided by them have been at such a high level, we have renewed our contract with them for the next school year.

I would like to take this opportunity to introduce them to you and the services they provide.

Jamison Consultants is a South Carolina licensed provider of Rehabilitative Behavioral Health Services (RHBS) providing assistance to children, adolescents and families. The assistance is designed to enhance their lives through effective mental health and substance abuse services. With multiple locations (Bluffton, Beaufort, Hilton Head, and new locations opening in Orangeburg and Dorchester counties, Jamison Consultants provides people throughout South Carolina with outpatient behavioral health services that focus on the individual and can help turn lives around.

Jamison offers Medicaid-funded behavioral health services to those with Medicaid so they have access to a broad range of mental health and substance abuse services. So many students in South Carolina fall into the category of needing Medicaid to pay for the services they need.

I became personally acquainted with Jamison Consultants as a result of my responsibilities with the Jasper County School District. Jamison provided Rehabilitative Behavioral Health Services (RHBS) to our students in need of their services. Their staff worked well with both principals and counselors in addition to being a great asset with suspended students, students with mental health diagnosis and students with behavioral issues.

Their staff and assistance allowed us to focus more on our charter – educating students.

EQUAL OPPORTUNITY EMPLOYER

I found the employees of the company to be very helpful and professional. Mrs. Jamison-Void, the CEO of the company, has put together a very helpful organization and I highly recommend their services to any school district needing similar services.

Should you need further information, do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Curtis Dixon". The signature is stylized, with the first name "Curtis" written in a cursive-like font and the last name "Dixon" written in a more blocky, slightly cursive font. There is a small mark above the "i" in "Dixon".

Curtis Dixon
Director
